MEMORANDUM FOR THE SECRETARY OF DEFENSE

SUBJECT: Department of Defense Documents Inconsistent with the Provisions of NSCID No. 9 Revised

Reference: Secretary of Defense Memorandum of 4 November 1952, subject: Interim Implementation of NSCID No. 9 Revised

1. The inclosures are submitted in compliance with paragraph 1d of the reference.

2. Review and necessary revision of the items enumerated in the inclosures (and all other documents derived from or associated with these items) will be undertaken by the Director, National Security Agency, the Military Departments, and the Joint Chiefs of Staff to bring them into consonance with the provisions of NSCID No. 9 Revised.

3. Communication security (COMSEC) does not come within the sphere of authority of NSCID No. 9 Revised. However, many of the documents affected by NSCID No. 9 Revised involve communication security as well as communication intelligence (COMINT). It is, therefore, necessary that the portions of these documents affecting communication security remain in effect subject to further instructions from the Secretary of Defense.

4. The Secretary of Defense memorandum to the Joint Chiefs of Staff of 20 May 1949, "Organization of Cryptologic Activities within the National Military Establishment" conflicts directly with NSCID No. 9 Revised. It is recommended that the Secretary

JOINT CHIEFS OF STAFF ITEMS

Title	Digest	Designation
1. Establishment of the Armed Forces Security Agency (AFCIAC Charter)	The Joint Chiefs of Staff approved the charter and composition of the Armed Forces Security Agency Council, and issued a directive to the Director, Armed Forces Security Agency. The Charter and Directive govern the COMINT activities of the Department of Defense, as well as COMSEC activities. That portion of the Charter and of the Directive which is concerned with COMINT activities conflicts with the revised version of NSCID No. 9.	Dated 28 Jul 1949, TOP SECRET
2. Armed Forces Security Agency Council	Creation of this Council as an Agency of the Joint Chiefs of Staff to insure most effective cooperation with the Armed Forces Security Agency.	Dated 1 Sep 1949, TOP SECRET
3. Establishment of the Armed Forces Security Agency (Initial composition, organization, and physical location of the major elements of AFSA)	The Joint Chiefs of Staff determined the initial composition, organization, and physical location of the major elements of the Armed Forces Security Agency. This document reserves to the Services certain activities in the field of COMINT, and makes a distinction between the Direction Finding activities of the Army and those of the Navy; the latter remained under the operational control of the Navy. The conflict with NSCID No. 9 Revised resides in the fact that the Services were directly assigned operational control over certain of their COMINT activities.	Dated 30 Sep 1949, TOP SECRET

4. Change in Title of "Armed Forces Communications Intelligence Advisory Council"	Changes title of "Armed Forces Intelligence Advisory Council" to "Armed Forces Security Agency Council."	Dated 22 Oct 1949, TOP SECRET
5. Establishment of an Armed Forces Security Agency Technical Committee	The Secretary of Defense approved the establishment of the AFSA Technical Committee for the guidance of the Director, AFSA, with respect to his responsibilities in research and development activities and in other technical matters pertaining to the coordination of individual Service cryptologic activities and those of AFSA as necessary to insure the optimum degree of mutual support consistent with the effective conduct of such activities. The need for this Committee was occasioned by the existence of "...an area in which responsibility for and interest in technical cryptologic matters are divided among the individual Services and AFSA." This area no longer exists, therefore, it is possible that the need for the Committee has also disappeared.	Dated 21 Mar 1950, TOP SECRET
6. Report by the Chairman, Armed Forces Security Agency Council on Succession of Directors, AFSA	The Joint Chiefs of Staff approved a procedure by which successors to the Office of the Director, AFSA, will be appointed. Procedures outlined in NSCID No. 9 Revised, for appointing the Director, NSA, differ. If the Director, AFSA, is abolished, no conflict will remain.	Dated 19 Jan 1951, TOP SECRET
